## MERN Stack Developer

+91 8356085540

Chembur, Mumbai

Thearbaazshaikh98@gmail.com

## Summary

MERN Stack Developer with 4 years of overall experience, including 2.5+ years of hands-on MERN development. Experienced in building scalable web applications, SaaS platforms, and admin dashboards using React, Node.js, and MongoDB. Strong in API design, authentication & authorization, database modeling, and delivering production-ready applications.

## Work Experience

### Senior Software Engineer

Selco Enterprises Pvt Ltd

07/2024 - 09/2025

- Developed and delivered end-to-end MERN applications, including SaaS platforms and admin dashboards, resulting in ~30% improvement in operational efficiency and supporting 400+ users.
- Designed and implemented scalable RESTful APIs using Node.js and Express, following best practices for performance and maintainability.
- Deployed and managed applications using AWS, Docker, and Vercel, ensuring high availability and smooth CI/CD workflows.
- Implemented JWT-based authentication, role-based access control (RBAC), and secure authorization flows.
- Collaborated directly with clients to gather requirements, provide technical solutions, and deliver features on time.

### Software Engineer

Webenetic Pvt Ltd

01/2023 - 06/2024

- Built and enhanced full-stack features using React, Node.js, Express, and MySQL.
- Developed REST APIs, authentication modules, and role-based admin dashboards.
- Integrated frontend components with backend services to deliver seamless user experiences.
- Debugged, tested, and optimized applications to improve reliability and performance.

### Frontend Developer

Webenetic Pvt Ltd

02/2022 - 12/2022

- Developed responsive and user-friendly web interfaces using React.js, JavaScript (ES6+), HTML5, and CSS3.
- Converted UI/UX designs (Figma / Adobe XD) into high-quality, reusable React components.
- Integrated frontend applications with REST APIs, handling authentication, data fetching, and state management.
- Optimized application performance by improving component rendering and reducing unnecessary re-renders.
- Implemented form validation, error handling, and client-side routing to enhance user experience.
- Collaborated closely with backend developers and designers to deliver features aligned with business requirements.

### Web Developer Intern

Webenetic Pvt Ltd

11/2021 - 02/2022

- Assisted in developing and maintaining websites using HTML, CSS, JavaScript, and basic React concepts.
- Worked on UI enhancements, bug fixes, and cross-browser compatibility issues.
- Integrated simple APIs and implemented basic frontend logic under senior developer guidance.
- Gained hands-on experience with Git, version control workflows, and agile development practices.
- Participated in code reviews and learned best practices for clean, maintainable code.

# Education

## University of Mumbai

Information Technology | B.Sc. Information Technology  
04/2016 - 2019

# Skills

React, Next.js, TypeScript, JavaScript (ES6+), Redux, Zustand, React Query, Tailwind CSS, Node.js, Express.js, REST APIs, GraphQL, JWT, RBAC, Socket.io, MongoDB, MySQL, PostgreSQL, Redis, AWS (basic), Docker, CI/CD, Vercel, Netlify, Git, Postman
